SO THE PUBLIC MAY KNOW

How can the President and the people trust public servants who are in the habit of distorting the truth to conceal their unjust and oppresive acts?

The Bangko Sentral and Monetary Board officials again misled President Aquino into believing that the January 27, 2012 Decision of the Court of Appeals 14th Division declaring that the March 17, 2011 closure of Banco Filipino was hastily undertaken and tainted with grave abuse of discretion, was reversed by a conflicting decision of the Former Special 10th Division dated February 16, 2012.

There is no such reversal. There is also no subsequent ruling of the CA 10th Division or any division of the court relating to the closure that conflicts with the January 27 Decision of the CA's 14th Division.

The BSP-MB and their lawyers are fully aware of this. And yet the President has been withheld the truth, impelling Malacanang to come out with public pronouncements intended to influence the final outcome of the Banco Filipino case and subvert the substantive ends of justice.

The decision of the CA's 14th division ordering the immediate reopening of Banco Filipino and the implementation of the MB- approved rehabilitation plan with some improvements as may be necessary for the protection of depositors and the general public so that the Bank will not again be closed illegally for a third time, remains unchanged. Failure of the BSP-MB officials to comply with this decision can subject them to contempt sanctions.

The 14th Division also rejected as unfounded the claim of the BSP-MB that the Bank is insolvent or that Banco Filipino is mismanaged.

Previous misrepresentation forced the President to unfairly suggest in his public statements that the decision of the CA's 14th Division was suspicious. However, on the basis of this latest deception, Malacañang issued another statement directing the Solicitor General to clarify the alleged conflicting decisions coming from the same court. Earlier the President directed the SolGen for assistance to ensure reversal of the CA decision. **What a travesty of justice!**

Could the BSP-MB and its lawyers be referring to a minute resolution of the CA former Special 10th Division dated February 16, 2012, in desperately trying to confuse the public and the President to win the latter's support? **But this minute resolution of the CA did not dispose of the merits of the case. It merely maintained its ruling promulgated on July 28, 2011that the RTC of Makati, Branch 66, has no jurisdiction over the case filed by BF long before its second illegal closure on March 17, 2011.** This RTC case questioned the legality of the condition that was imposed on the implementation of the MB-approved Business Plan, compelling Banco Filipino to withdraw its damage claims and other future claims, which constitutes a despicable blackmail and violated the constitutional rights of the Bank. **The CA 10th Division case has nothing to do with and is completely irrelevant to the January 27, 2012 decision of the 14th Division, which declared that the closure of the Bank by the MB-BSP on March 17, 2011 is illegal. These two cases are separate and distinct from each other, involving separate and distinct issues. The CA decision with respect to one does not reverse or conflict with the other.** BSP-MB officials know this and it is their duty to truthfully apprise the President about the matter.

It should be stressed that public officials are required to do justice to everyone in carrying out their official responsibilities especially to victims of injustice a second time. With respect to BSP and MB officials, they are mandated by the law to exercise extraordinary diligence in the performance of their duties and are responsible for injuries sustained as a result of their negligent acts or abuses. Lawyers, as officers of the court, are also bound by their oaths to adhere to truth and justice.

Misleading the public and the President to justify wrongful acts and perpetuate a grave injustice is unlawful and amounts to walking along a very crooked path.

BIBLE SEMINAR ON

CONTENTMENT

A CHRISTIAN ATTITUDE FOR LIFE

Paul in 1 Timothy 6:6 said "... godliness with contentment is great gain." The secret to contentment is finding joy in everything every single day in the Lord. Without God in the equation, it is impossible to find contentment.

Contentment can be learned, Paul said so. Those who possess it are happier and more likely to have peace of mind than those who are not. Find out how you can develop this Christian virtue.
